Full Time
Contract term
Permanent

Closing date 10th May (Midday)

Job starts
1st September 2024

The Royal School is seeking an enthusiastic and innovative Mathematics teacher to join our maths department in our heavily oversubscribed day and boarding free school. The aptitude and willingness to teach a range of abilities from ages 11-18 is essential.

The mathematics department is at an important stage in securing the highest standards of learning and teaching for children in the school community. The department has a central suite of rooms and is rapidly gaining momentum in the use of interactive software and the department is keen to enhance its use of IT at all levels. The school has entered a significant building programme where all areas of this well-established school will be brought up to the very highest standards over the next 2 years. The department is eager to improve the standards and 'passion' of mathematics for all students and aims to develop mathematical reasoning and problem solving whilst still developing the fundamental skills students need. In KS3 pupils are taught in mixed attainment groups and set from year 9 onwards, regular pupil tracking assists with such decisions. We currently teach GCSE from year 9, spreading the demands of the new specification over three years, offering the best opportunity for students to fully master all topics.

Are you the person to stretch, challenge, support and inspire our students in and outside of the classroom?

The school's distinctive ethos and culture where a truly holistic view of the personal development of the child is central to all that we do. The wider 'enrichment' programme at this all-through 4-19 boarding and day school is essential and helps develop confident pupils well equipped for life beyond the school. All staff contribute to this extensive programme with their personal interests and to join in with existing activities.

The Royal School is at an exciting time of development. The new free school is an all-through (Reception to Y13) 'independent' school without day fees, whilst still providing excellent boarding at affordable fees. Alongside the growth in pupil numbers, there will be an expansion in the curriculum, enrichment activities and vastly improved facilities, enabling us to extend and enhance still further the range of opportunities for all our young people and our staff.

As a result of The Royal School's excellent CPD programme and the supportive maths team, the successful candidate will have the opportunity to: develop professionally; improve and extend their knowledge; develop skills and experience; share outstanding and innovative practice; and contribute to the development of an exciting, challenging and supportive learning environment in and outside of the classroom.

As a school we offer:

- Opportunity to work in an award-winning state boarding school
- Regular CPD programme and investment in training-
- Cycle to work scheme
- Free meal provided when taken in the dining room
- Free tea and coffee provided
- Opportunities for you and your family to attend boarding activities e.g. parties, Alton Towers, visits to cities and museums
- Two additional weeks holiday compared to many schools (one week prior to Christmas, one week early in the summer)

The Royal School has achieved excellent academic results throughout its history and has an outstanding reputation for nurturing and developing confident, well-disciplined and successful individuals who progress successfully to the next stage of their life and career. We relish this next phase in its existence which enables us to review and build on our current success in preparing our young people for a rapidly evolving world. We hope that you will share in this passion for a broader educational opportunity.

Please, visit The Royal School website for further information and details of how to apply and we welcome personal visits to the school to see for yourself this vibrant, heavily oversubscribed school community

Please read the Job Description and Person Specification for further details.
Application forms must be completed for this role.
