How I can help my child at home?

Through this vibrant and dynamic curriculum, we aim to inspire the children to become self-motivated learners, in order to enable them to reach their full potential. Learning is not just about academic success and should not stop at the end of lessons or a school day and so family outings and personal interests are to be encouraged. We will give the children opportunities to share their interests and experiences with their peers.

Please check their timetable and encourage them to pack their own bags for each day. Ask them about their learning regularly and support them in their enthusiasm about our topics.

Timetable for Year 6 – please be aware that at times lessons maybe changed to fit in special events etc.

Homework

Each half-term, the children will be given an activity sheet that they stick in their homework book, with a group of projects covering different aspects of their focus topic. These tasks may be posters, writing assignments, Power Point presentations, D&T/Art or research projects. They should complete one task per week, in whichever order they choose, and we will share completed homework **each Friday**.

Reading, Grammar and Maths homework – **Century**

In Year 6, we use a program that is used in the Senior School called Century. Here we will assign tasks for the children to complete linked to the learning in school. Children will also have their own individualised pathway where they can complete tasks at any time. This program informs us of areas to extend and target. Tasks will be assigned on a Friday and will be expected to be completed by the following Friday. Any working out can be recorded in their homework books.

Reading

It is expected that pupils will read at least three times a week at home with their parents. We ask that parents sign the reading record book after they have heard their child read. Books will be exchanged only if the child can talk clearly and confidently about the book.

Sitting down with your child for 5/10mins, asking questions about the text and discussing unfamiliar words with your child will improve their comprehension greatly.

Example Questions

What has happened in the story so far?
 What do you think will happen next?
 Who is your favourite character? Why?
 Who is the character you like least? Why?
 Do you think the author intended you to like / dislike this character? How do you know?
 Does your opinion of this character change during the story? How? Why?
 Find two things the author wrote about this character that made him / her likeable?
 If you met one of the characters from the story, what would you say to him / her?
 Which part of the story is your favourite / least favourite? Why?
 Would you change any part of the story? How?
 Would you change any of the characters? How?
 Which part of the story was the funniest/scariest/ saddest/ happiest? Find some evidence in the text to support your opinion.
 What is the purpose of this book? How do you know?
 Why is this page laid out in this way? Could you improve it?
 Pick three favourite words or phrases from this chapter. Can you explain why you chose them?
 Did this book make you laugh? Can you explain what was funny and why?
 Have you read anything else by this author? Is anything similar?
 Does this book remind you of anything else? How?
 When do you think this book was written? How do you know? Does it matter? What would it be like if it was written now?
 Do you think the title of the book is appropriate? What would you have called it?
 What is the genre of the book: sci-fi, mystery, historical, fantasy, adventure, horror, comedy? What are the features that make you think this?
 Find two sentences which describe the setting.
 Is the plot fast or slow moving? Find some evidence in the text, which supports your view.
 If the author had included another paragraph before the story started what do you think it would say?
 Would you like to read another book by this author? Why/ why not?

Times tables

Year 6 pupils will continue to have regular arithmetic lessons tests to improve speed and accuracy. They will work on all of the multiplication and division facts up to the 12 Times tables. Support at home with this is vital.

Times tables underpin many maths questions and are invaluable when working out division too.

There are many useful websites that will help your child to learn their tables and particularly apps for your iPhone and iPad. Many of the apps are free and we often use them in class.

We recommend the children use Timestables Rockstars

<https://play.ttrockstars.com/> at home to help with this and we will also use it in school.

Rewards and Sanctions

The Royal Primary School's behaviour system is based on explicitly teaching positive learning behaviours and supporting pupils to reflect on their actions. It is rooted in our school values of Respect, Trust, Community, Initiative and Risk. We use the *Good to be Green* approach, with a clear visual system to promote positive choices and consistency across the school. Circle time and restorative conversations help pupils understand expectations and reflect on behaviour. When negative behaviours occur, age-appropriate restorative reflections and sanctions focus on repairing harm, understanding impact, and developing better strategies. The pathway includes clear rewards, sanctions, and parental involvement at each stage.

Rewards Pathway

Class Chart Points

Pupils can earn ClassChart points for demonstrating our school's learning behaviours, both in and outside of the classroom.

1 point can be awarded for positive actions such as completing homework, actively engaging in lessons, and sharing ideas with others.

Each half term, there will be a specific learning behaviour focus. This focus will be introduced in class and highlighted through our assemblies. To emphasise its importance, points awarded for demonstrating the half-term focus behaviour will be worth 2 points.

Reports

Reports are shared with parents during parents evening. The first two reports are interim reports with a full report at the end of the year.

There will be a parents' evening every term as well allowing you to be kept up to date with your child's progress.

Trips and educational experiences

School trips and educational experiences are not only fun but help bring the curriculum to life. They provide deeper subject learning and increase self-confidence. Research has shown that they can enhance teamwork, social skills, and helps pupils to develop risk awareness.

There will be at least one school trip or experience each half term.

On occasion parents may be asked to help supervise pupils on a trip so that we can adhere to the strict staff, pupil ratios. If you are willing to help please let the class teacher know.

All monies for trips and visiting workshops will be paid for online via the school app Schoolcomms.

Improving ATTENDANCE

At The Royal School Wolverhampton Mrs. Dhanda is the Primary Attendance Officer. You will see her out on the gates in the morning and in the reception foyer after 8:30am. If your child is late then they must be brought to Primary reception by a grown up. Miss. Vlckova is the Senior Attendance Officer.

When a child is absent from school, they can miss out on these vital opportunities and their learning, personal development and friendships may suffer.
