

The Royal School

Wolverhampton

Dear Parents and Carers,

We are excited to announce that our annual **Rubik's Cube Competition** will take place on **Tuesday 20th October during Period 6**.

This much-loved school event will comprise of **one team from each House**, with each team comprising **four representatives**. The challenge is simple: the team that successfully solves their Rubik's Cubes in the fastest overall time will be crowned the winners!

The competition will be held in the **Theatre** and will take place in front of the rest of **Year 7**, creating a fantastic atmosphere of support, encouragement, and friendly rivalry between the Houses.

We are currently looking for pupils who would like to represent their House in the competition. If your child enjoys solving Rubik's Cubes, or would like to take on a new challenge, we would be delighted to hear from them.

Please help us promote this exciting event by encouraging your child to come forward and speak to **Mrs Goodlad, Head of Windsor House**, or **Mr Smith, Assistant Head of Windsor House**, who will be happy to enter them into the competition.

We hope as many pupils as possible will get involved and take advantage of this wonderful opportunity to showcase their problem-solving skills, teamwork, and House spirit.

We are all looking forward to this event very much and cannot wait to see our competitors in action!

Kind regards,

A L Goodlad

Mrs Goodlad

Head of **Windsor House**

C Smith

Mr Smith

Assistant Head of **Windsor House**
